Nowadays unemployment is a serious issue all over the world. There are millions or even more people out who do not have employment for various reasons. Mostly they look for a suitable job, like part time or remote, or full time and so on. However, they cannot find appropriate one because of requirements or announcements given are not enough. In fact, people just are not searching not there, because they do not know where to look for it and as the labor exchange becomes the last choice. Hence, we created an announcement board where will be various professions for those who are seeking for their dream job, which will be a great opportunity for unemployed people.

Here is how our announcement board looks like when you first visit it and as it can be seen it is a home page of our web site with our motto and logo.

On the same home page there will be some quick information about blazing job with descriptions. Thus, if user wants to know more information about the job they have seen on this page here or she should log in if they have an account or sign in if they do not.

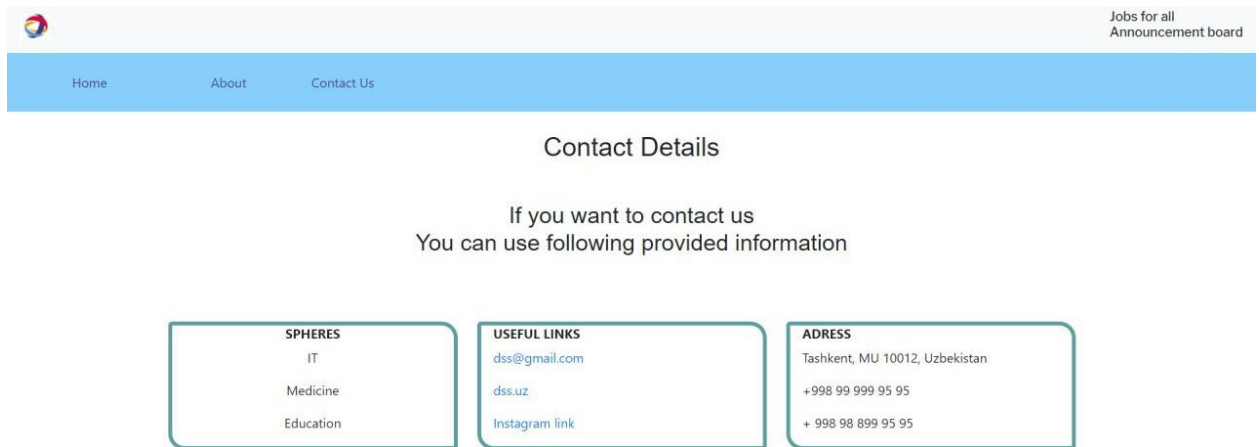

About us

Wekcome to our page! Here you can find various professions and may be your dream job!!! Search for a job you definetly find the suitable job for you. Job searching can be challenging amd overwhelming, but every step you take towards finding you on the path to career success. Sometimes, a little motivation can help you get to the next step and help you keep your job search.

There is a button about on the top of index page so as user presses on it he or she will be directed to about page. About page comes with information about our company and with a kind of

motivation for unemployed people so that they can find the job they wish by visiting our web site.

Moreover, when user press on contact us there will be a new page with our contact details: address, phone numbers and email as a link, therefore user can press on it and call or write to our email at the first onset.

As it was written above to see more announcement or more information about the job the user has found on home page on blazing jobs section, he or should first register our site. By entering (admin) page will automatically send to log in page. There in navbar section, user can see register link where he or she should register in order to enter admin section.

Register

First, user should enter his or her name which must contain at least 5 alphanumeric characters. Second, he or she should enter his/her own phone number which must be in standard phone number format (e.g. +9989-90-394-87-78). Third, he/she should enter his/her date of birth that must be in standard date format (e.g. 13/12/1998) and then the city he/she lives in one word. After that, email address that must match the standard email format. Next, enter the password which must contain at least 5 word characters (alphanumeric and %, \$, _, . and so on). Finally, confirm the password he/she had entered earlier and finishes registration process.

Also user can encounter error when he or she entered incorrect data.

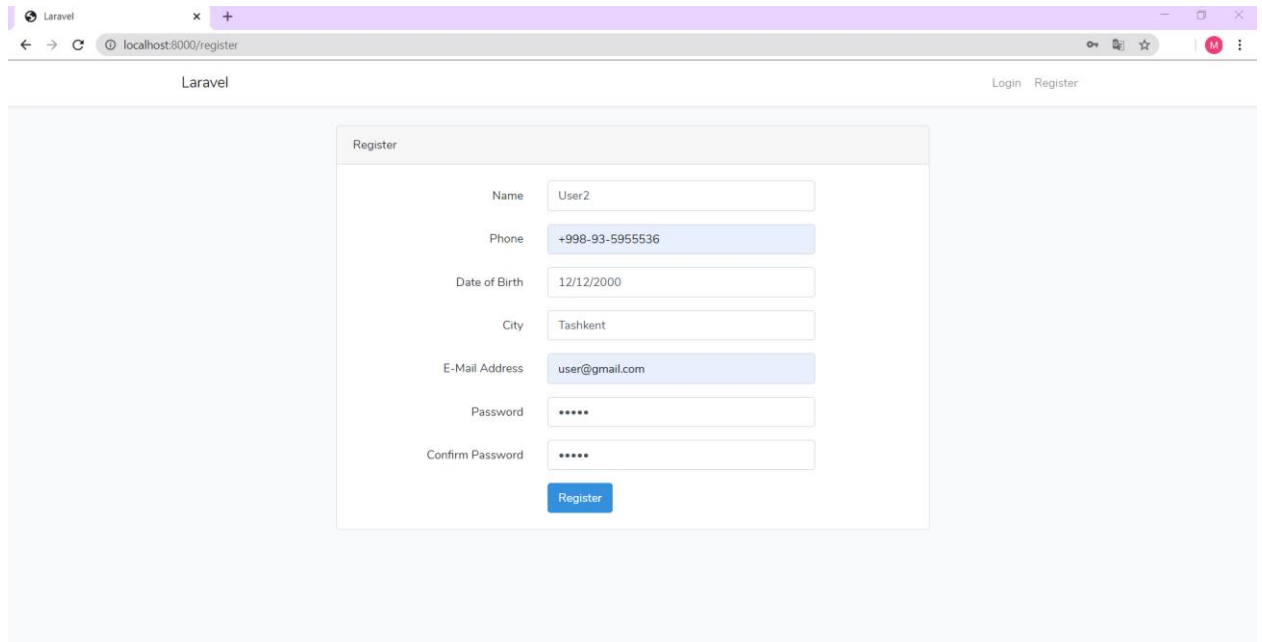

A screenshot of a web browser showing a Laravel registration page at localhost:8000/register. The page has a header with 'Laravel' and links for 'Login' and 'Register'. The main content is a 'Register' form with the following fields and validation errors:

- Name:** 'user' (Error: The name must be at least 5 characters.)
- Phone:** '+998-99-999999' (Error: The phone format is invalid.)
- Date of Birth:** 'dd/mm/yy' (Error: The date of birth format is invalid.)
- City:** 'Tashkent' (No error)
- E-Mail Address:** 'k@gmail.com' (No error)
- Password:** (Empty) (Error: The password must be at least 5 characters.)
- Confirm Password:** (Empty)

A blue 'Register' button is at the bottom of the form.

Here there is a validation for register page . Correct validation can be seen in the following path:

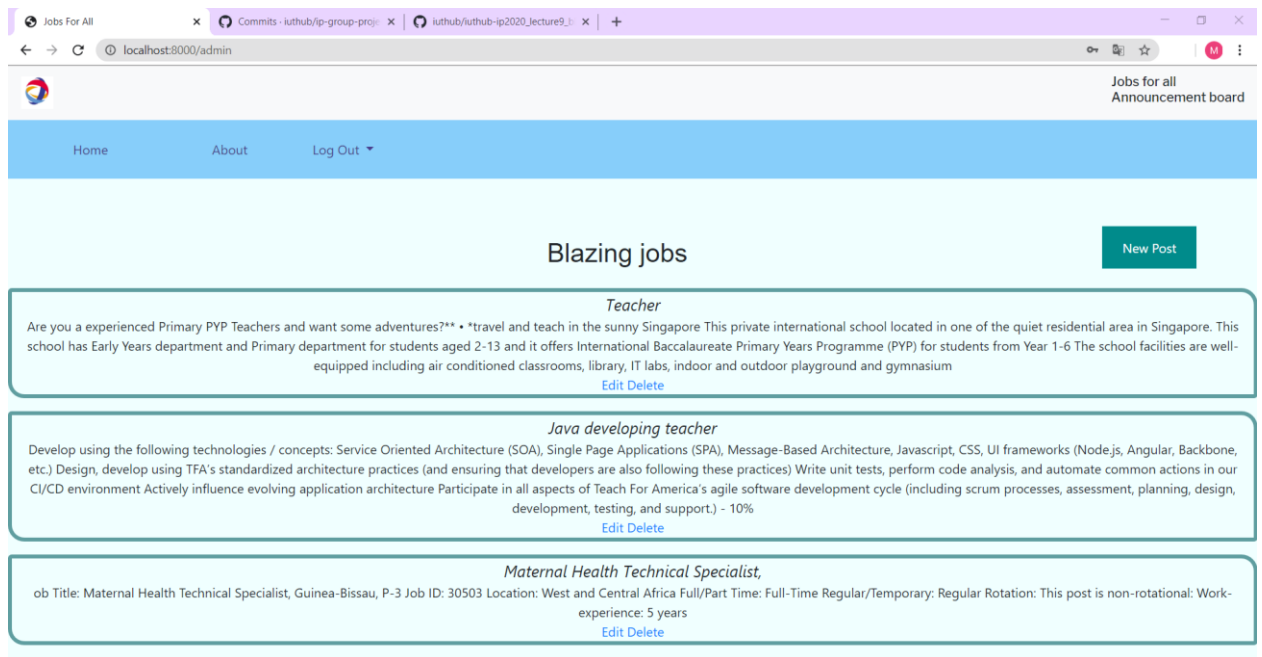

A screenshot of the same Laravel registration page, but with valid data entered in the fields:

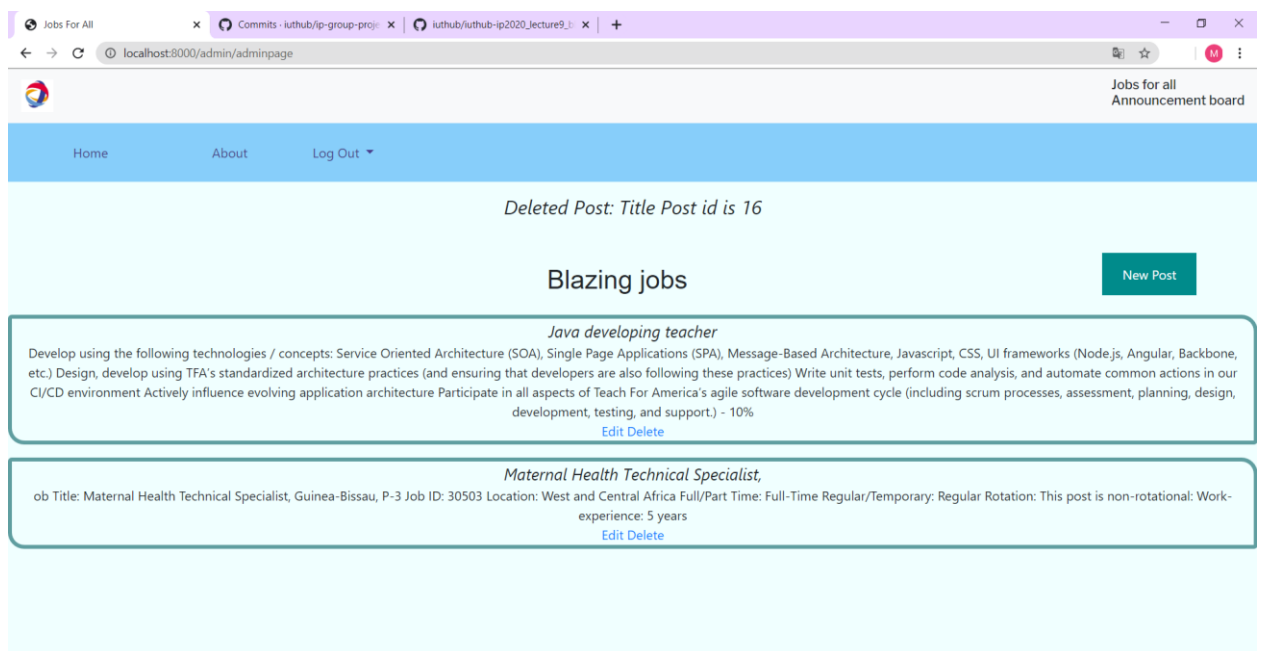

- Name:** 'User2'
- Phone:** '+998-93-595536'
- Date of Birth:** '12/12/2000'
- City:** 'Tashkent'
- E-Mail Address:** 'user@gmail.com'
- Password:** '*****'
- Confirm Password:** '*****'

The blue 'Register' button is still present at the bottom.

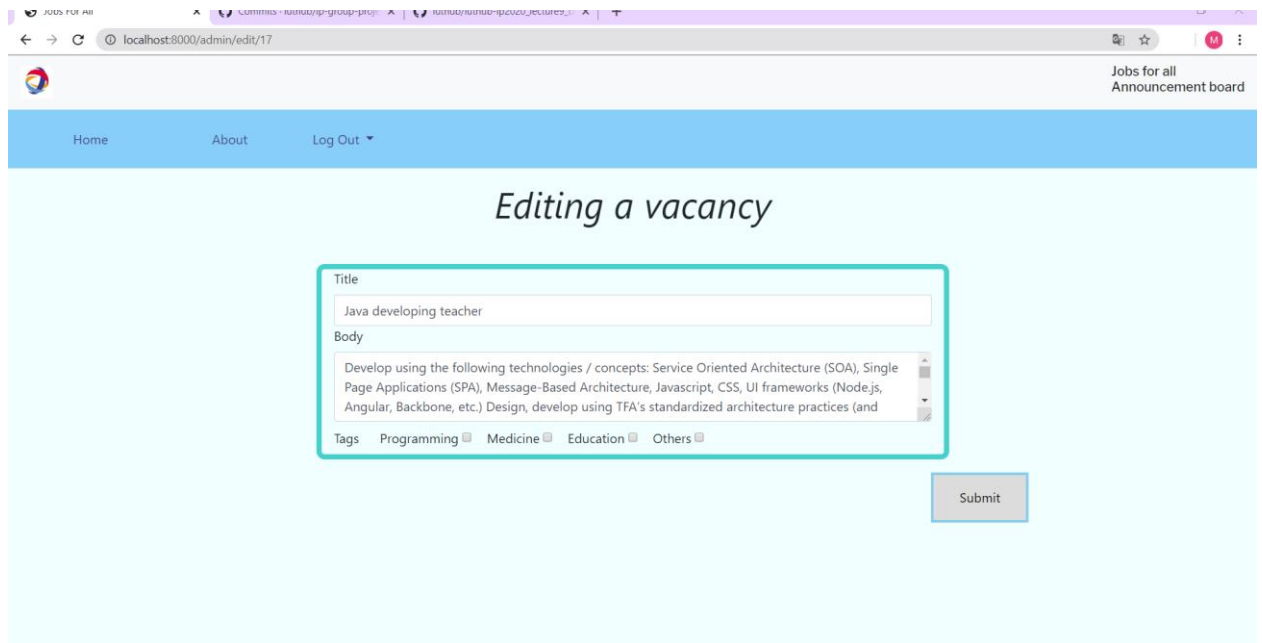

After entering correct validation user will be sent to admin section. Here user can edit, delete or create a new page

Looking at deleting a by pressing 'Delete' link , user deleted a teacher vacancy and Session pass its id also

In editing a vacancy, user can change a concrete post by pressing 'Edit' link. In edit page user can see a similar 'Java developing teacher' vacancy with editing tools.
